

## Sports Floodpole

Sports floodpoles are manufactured to order and are suitable for a wide variety of floodlight arrangements only a few of which are shown. They are manufactured from duodecagonal steel sections. The brackets have a central fixing point enabling the floodlight to be rotated 360° in azimuth and enable the floodlights to be aimed as designed. Floodpoles are designed to accommodate control gear at the base of the column. Finish hot dip galvanised.

Column weight: Variable

Options:

- Flanged or rooted base
- Variety of brackets
- Paint system
- Security lock
- Bolt-on box

15m Sports Floodpole.

#### Part Nos:

|                      |         |
|----------------------|---------|
| SFP 8 metre rooted   | 814SDR  |
| SFP 8 metre flanged  | 814SDF  |
| SFP 10 metre rooted  | 1014SDR |
| SFP 10 metre flanged | 1014SDF |
| SFP 12 metre rooted  | 1214SDR |
| SFP 12 metre flanged | 1214SDF |
| SFP 14 metre rooted  | 1414SDR |
| SFP 14 metre flanged | 1414SDF |
| SFP 15 metre rooted  | 1514SDR |
| SFP 15 metre flanged | 1514SDF |
| SFP 16 metre rooted  | 1614SDR |
| SFP 16 metre flanged | 1614SDF |
| SFP 18 metre rooted  | 1814SDR |
| SFP 18 metre flanged | 1814SDF |
| SFP 20 metre rooted  | 2014SDR |
| SFP 20 metre flanged | 2014SDF |

#### Bracket Options

|                                    |         |
|------------------------------------|---------|
| 1 Way Bracket                      | 5200951 |
| 2 Way Bracket                      | 5200962 |
| 3 Way Bracket                      | 5200963 |
| 4 Way Bracket                      | 5200952 |
| 4 Way Floodlight Bracket for FL500 | 5200965 |
